

## Care & Handling

Each piece is individually handcrafted by skilled artisans. Individual markings and other variations demonstrate authenticity.

Hand wash in warm, sudsy water. Rinse and towel dry thoroughly after each use. Spotting may occur if pieces are left to drip dry.

Do not wash in dishwasher.

To minimize scratching, do not cut directly on surface.

As with any metal, do not use in microwave.

When serving salty or acidic foods, lightly coat the surface of your serveware with vegetable or olive oil, which will act as a barrier to protect your serveware from discoloration.

Do not leave food or liquid in your serveware for prolonged periods of time. Remove contents after each use. Standing water may cause staining.

Empty serveware may be refrigerated or heated (200° F) to help retain the temperature of prepared foods.
